Dr. Rick Goodman The Teambuilding Expert Earns the Coveted Certified Speaking Professional®
Designation

Dr. Rick Goodman the Teambuilding Expert has earned the Certified Speaking Professional® (CSP) designation. Established in 1980, the CSP is the speaker profession's international measure of speaking experience and skill. Fewer than 10 percent of the speakers worldwide hold this professional designation.

The CSP designation is conferred by NSA on accomplished professional speakers who have earned it by meeting strict criteria. CSPs must document a proven track record of continuing speaking experience and expertise, as well as a commitment to ongoing education, outstanding client service, and ethical behavior. Dr. Goodman is one of 78 professionals to earn the CSP in the class of 2014. Dr. Goodman was honored during a ceremony on June 29 at the 2014 NSA Convention in San Diego, California.

Dr. Rick Goodman is a world-class consultant, business coach, and speaker. For the past thirty years, Dr. Goodman has been speaking, consulting, and instructing on real-life experiences that ultimately achieve great results.

As "The Team Building Expert" he has dedicated himself to not only understanding and appreciating the sometimes hidden art of attaining excellence in team building, but has also developed a system that allows leaders to inspire greatness in those who look to them for guidance—allowing an exciting culture of high achievers to be constructed.

He is also the founder of S.T.A. Consulting, an organization based on the mission to introduce the focused team building concepts and systems that Dr. Goodman devised into the corporate sector.

Dr. Goodman is a Certified Speaking Professional (CSP) and a member of the National Speaker's Association (NSA), the International Federation for Professional Speakers (IFPS), and a board member for the Florida Speakers Association (FSA). In his career, he has had the opportunity to work with elite professional athletes as well as with extraordinary members of the corporate and military sectors.

He has led over 1,000 workshops and seminars since he began his career. Dr. Goodman has served as a consultant to the Army and Navy, set up change management processes that have allowed success to flourish at McDonnell Douglas, Heineken, and Boeing, and has acted as a business consultant and process improvement specialist for countless other Fortune 500 companies and organizations including the American Red Cross, AT&T, IBM, HP, Hyatt, and Merrill Lynch.
